

Swimming classes for grades 1,2 and 4

Dear Parents,

We are pleased to inform you that swimming sessions for Grades 1 and 2 and Aqua Sports for Grade 4 will resume from Wednesday, 6th August.

In the best interest of our learners' health, these sessions were temporarily suspended due to an observed rise in viral and flu-like symptoms.

We request your continued cooperation in safeguarding the well-being of all learners. If your child is experiencing fever, sore throat, cough, or appears unwell, kindly keep them at home until they are fully recovered.

If your child has recovered but you would prefer they refrain from swimming due to any health concerns, please inform the homeroom teacher accordingly.

Additionally, if your child is returning to school after a medical leave of three or more days, we request you to email a medical certificate along with a brief note explaining the nature of the illness prior to resumption.

Thank you for your understanding and support.
