To,

Parents of Grade 1 to Grade 8 learners

Ref - Subscription for Kids/Junior/Young/Youth Insight children's monthly Magazine

Dear Parents,

Many of us cannot imagine beginning our morning without glancing at our favourite newspaper/magazine. At JBCN, we wish to inculcate this love for current affairs and news in our learners, too. In its efforts to provide value addition to education, MET League of Colleges launched the Insight series of magazines in January 2004. The publication is a holistic attempt on the part of MET to inculcate the habit of 'Right Reading' in children. It is an informative magazine that can help children stay in touch with the community and the world in which they live. Children love photos and illustrations, and the Insight Magazine provides just that. It is an award-winning magazine for children between the age group of 5-15 years. With focus on current affairs, the magazine also encompasses aspects of sports, culture, environment, games, puzzles, interactive projects and much more.

Keeping in mind the different age groups and reading levels of our learners, the Insight magazine earlier known as Explorer magazine is offered in four different categories.

Kids Insight – Grade 1

Junior Insight – Grades 2 and 3

Young Insight – Grades 4 to 7

Youth Insight – Grades 8

A **free sample (July edition)** of the age appropriate magazine and a **subscription form** has been sent along with the learners on 5th August, Tuesday. The delivery of the subscribed magazines will begin by the end of August 2025, where only the **subscribed learners** will receive the June & August '25 editions (2 magazines) and will continue receiving a **monthly copy** until April 2026. During the year **one copy** of the magazine will be delivered every month **only to the subscribed learners directly at school**.

We started this initiative with merely 50 subscriptions and crossed over 800 subscriptions in four years. The Insight Magazine is an extremely fruitful resource for reading and information for the children and we rightly recommend it. So, if you want to give your child the gift of knowledge, the Insight Magazine is one such gift!

The cost of the yearly subscription (10 months – June to March) for 10 magazines is Rs. 500/- only.

PLEASE NOTE: IT IS NOT COMPULSORY FOR THE LEARNERS TO SUBSCRIBE. THE SUBSCRIPTION IS VOLUNTARY.

In case you wish to subscribe for the same, kindly send the exact amount in cash or cheque (filled as per details given on form) and the duly filled form in a sealed envelope with the Name, Class, Division and Roll No. of the learner by 18th August, 2025.

Kindly hand-over your filled forms to your HRT who will collect all forms and submit it to the LRC.

Warm Regards,

The Management Team
JBCN International School, Parel
