Ref – Closure of Elphinstone Bridge & Impact on Bus Routes

Dear Parents,

We hope you are doing well!

We are sure you all are closely following the news about the closure of the Elphinstone Bridge. The closure of this bridge, which connects Parel and Prabhadevi will have a significant impact on traffic flow and will also result in a few traffic diversions.

The closure of this bridge, may have the following implications for learners traveling by school bus:

- Changes to the current bus routes.
- Change in pickup and drop times for learners.
- Possible longer travel times (15 - 20 mins) for the learners owing to traffic diversions.
- Shifting some learners from one bus route to another.

Our transport team has already worked on some of these changes, which will be shared with the concerned route parents' via email.

We look forward to your support and cooperation in this regard.

Warm regards,

The Management Team
JBCN International School, Parel
