

LogiQids Logical Reasoning Exam to be held on 12th November.

Dear Parents,

At JBCN, we are dedicated to providing our learners with opportunities that foster critical thinking and problem-solving skills. In line with this, we are pleased to announce our collaboration with LogiQids International Mental Aptitude Programme, an organisation that focuses on enhancing logical reasoning abilities in children through fun and engaging activities.

As part of this initiative, every child will be given a unique login ID and password. This will allow them to access and solve 20 logical reasoning worksheets for free on the LogiQids platform, providing them with valuable practice.

The LogiQids exam will be conducted in two levels. The first level is completely free of charge and will take place during school hours. The exam is designed to be a fun and accessible way for all students to test their logical thinking.

Learners who qualify for the first level will be eligible to appear for the second level of the exam. Please note that a nominal fee will be applicable for this subsequent level.

Given below are the dates for each level:

LogiQids Exam - Level 1 scheduled for 12th November (Wednesday) (For all primary learners, no registration required)

Level 2: Selected learners after level 1 (registration required), scheduled for 24th February (Tuesday)

We believe this is a great opportunity for our students to develop essential cognitive skills.

Thanking you,

Regards

JBCN Team
