

End of unit reflection (Parents)

Dear Parents,

We are pleased to share that Unit 1 – Natural Habitats has concluded successfully. Throughout the unit, learners were actively engaged in researching various habitats, exploring the animals that live there, and understanding how they show unique adaptations to survive. They also examined human actions impacting these habitats and discussed the importance of conserving them. In addition, they investigated different food chains and food webs while gaining awareness about global warming.

As we wrap up this meaningful unit, we kindly request you to take a few minutes to complete the Parent Reflection Form. Your feedback and reflections are valuable in supporting your child's learning journey-<https://forms.gle/AKxRiCA3bDz4E12g6>

Regards

Grade 3 team.
